# SERVICES

## Designing :

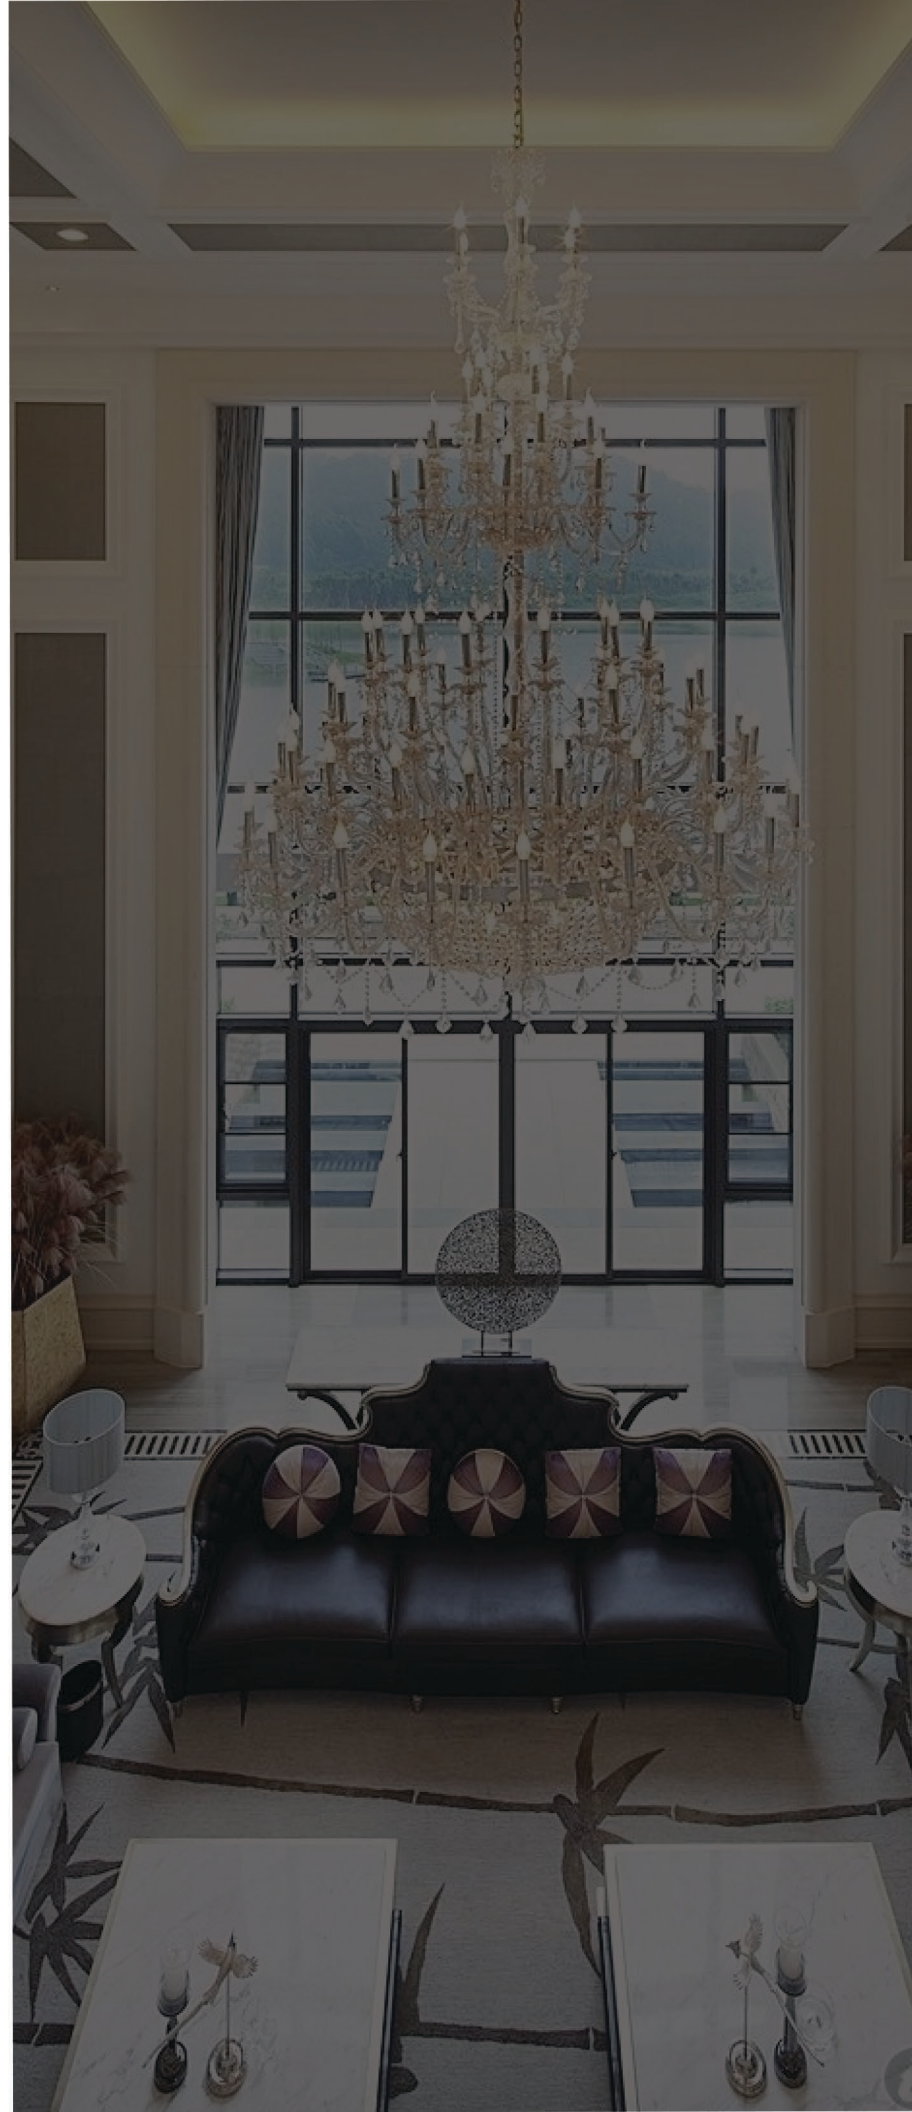

---

Our Design concept focuses on designing interior designs that make the residence both functional and aesthetically appealing our in house design experts, master artisans, and craftsmen work together in an assortment of most exquisite customized furniture designs, materials, upholstery, and finishes to create your dream furniture just the way you want it

## Installation of suspended ceilings :

---

Acoustic suspended ceilings can provide the opportunity to improve both sound reverberation (many people on the telephone in one room), or the transmission of noise between floors or rooms in a building. The benefits of an acoustic suspended ceiling can be simply achieved by upgrading the existing ceiling tiles to a specific Armstrong acoustic ceiling tile. We use only high quality materials, from well known brands

## Gypsum Partitions :

---

From making an acoustic office, refurbishments to commercial security partitions to pop ceiling partitions to sterile ceilings , We offer an affordable solution to suffice your suspended ceiling and gypsum partition installation requirements

## Decorative Ornaments & Paintings :

---

Our world class designs will help you realise your dreams for the spaces that you want to create. Together with our highly creative teams and our Project Management & Construction teams we can provide you with the very best decorative installations and ornaments to create a luxurious ambiance

We can rejuvenate your home or office with the best decorative custom paintings Certainly, We combine craftsmanship and a loving hand with the latest techniques and industry certified products. Our company aim to create distinctive and unique products that will leave you speechless.
